

**PUBLIC INFORMATION NOTICE #6
FOR THE CONSTRUCTION OF THE
930 ZONE RECYCLED WATER PIPELINE
EN13023**

DATE: October 23, 2013

Dear Resident:

The Inland Empire Utilities Agency's (IEUA) contractor is delivering heavy equipment to the construction sites at the south east and south west corners of Peyton Drive and Eucalyptus Avenue.

Due to Department of Transportation rules and permitted loads, large equipment transport type trucks must deliver its cargo, or be off any main streets between the hours of 7:00 a.m. and 7:00 p.m. Therefore, ***a heavy piece of equipment will be delivered to the south east corner of Peyton and Eucalyptus tomorrow morning between 5:30 a.m. – 6:00 a.m.*** The truck will drive onto the site and turn off its engine until 7:00 a.m. and will begin unloading the equipment.

POSSIBLE IMPACTS: Temporary Truck and Unloading of Equipment Noise.

Benefiting the residents and businesses of Chino Hills and Chino, this project will provide recycled water as an additional source of water for landscape irrigation use and groundwater recharge. This project will save approximately 90 million-gallons per year of drinking water, while helping to drought proof IEUA's service area, help to keep the cost of water low, and provide a reliable source of alternative water. *Funding for this project has been provided in full or in part through an agreement with the State Water Resources Control Board and the Environmental Protection Agency. The contents of this document do not necessarily reflect the views and policies of either the State Water Resources Control Board or the Environmental Protection Agency, nor does mention of trade names or commercial products constitute endorsement or recommendation for use. (Gov. Code § 7550, 40 CFR § 31.20.)*

If you have any **questions about the construction project or wish to receive weekly e-mail updates, please contact Michelle O'Brien at 909-993-1501.** For construction updates, please visit www.ieua.org. The City of Chino Hills website at www.chinohills.org will also provide you with a link to IEUA's website.
