Subject: Contract Award for Midge Fly Sampling and Control Investigation

---

RECOMMENDATION

It is recommended that the Board of Directors:

1. Approve Contract No. 4600002068 to West Valley Mosquito and Vector Control District (WVMVCD) establishing a two-year contract for midge fly sampling and control investigation services at various groundwater recharge sites for a not-to-exceed amount of $280,000; and

2. Authorize the General Manager, or his designee, to execute the contract.

---

BACKGROUND

Midge flies are aquatic insects that spend most of their lives as larvae in the sediments of water bodies (e.g., lakes, streams, and ponds) before emerging as adults to reproduce. While midge flies do not bite or transmit disease like mosquitoes, they can become a nuisance in populated areas as swarming and resting adults come into contact with people and buildings. Groundwater recharge efforts create standing bodies of water that provide habitat for midge flies that can lead to nuisance levels of adult midges in the surrounding areas.

In order to develop a long-term, integrated control strategy that utilizes chemical and engineering controls in the most appropriate fashion, an extensive set of sampling data is needed to thoroughly understand where and when midge flies occur. The West Valley Mosquito and Vector Control District is uniquely positioned to perform the required sampling because of their specialized skill and local knowledge due to their service area covering much of IEUA’s service area. The consulting services of an aquatic entomologist with expertise in midge fly control is being used to
guide the midge fly sampling efforts, evaluate the data, and to provide recommendations for an integrated midge fly control strategy.

The midge fly sampling and control investigation supports the Agency’s objective to be a “Good Neighbor” under the business goal of Environmental Stewardship, as well as the objective of “maximizing the recharge of recycled water” under the business goal of Water Reliability.

**PRIOR BOARD ACTION**

None.

**IMPACT ON BUDGET**

If approved, the anticipated expenditures of $50,000 for Fiscal Year (FY) 2015/16 will be funded from the Maintenance Department’s Recycled Water (WC) fund’s professional fees and services budget. The anticipated expenditures of $150,000 for FY2016/17 and $80,000 for FY 2017/18 will be funded from the Technical Services Department’s Recycled Water (WC) fund’s professional fees and services budget.

1. Proprietary Rights conceived, developed, or reduced to practice by WVMVCD in the performance of the Work shall be the property of Agency, and WVMVCD shall cooperate with all appropriate requests to assign and transfer same to Agency.

2. If Proprietary Rights conceived, developed, or reduced to practice by WVMVCD prior to the performance of the Work are used in and become integral with the Work or Documentation, or are necessary for Agency to have complete enjoyment of the Work or Documentation, WVMVCD shall grant to Agency a non-exclusive, irrevocable, royalty-free license, as may be required by Agency for the complete enjoyment of the Work and Documentation, including the right to reproduce, correct, repair, replace, maintain, translate, publish, use, modify, copy or dispose of any or all of the Work and Documentation and grant sublicenses to others with respect to the Work and Documentation.

3. If the Agency reuses the Work or Documentation without WVMVCD's prior written consent, changes or uses the Work or Documentation other than as intended hereunder, Agency shall do so at its sole risk and discretion, and WVMVCD shall not be liable for any claims and or damages resulting from use or connected with the release of or any third party’s use of the reused materials or documents.

B. **No Additional Compensation:** Nothing Set forth in this Contract shall be deemed to require payment by Agency to WVMVCD of any compensation specifically for the assignments and assurances required hereby, other than the payment of expenses as may be actually incurred by WVMVCD in complying with this Contract.

15. **INFRINGEMENT:** WVMVCD represents and warrants that the Work and Documentation shall be free of any claim of trade secret, trade mark, trade name, copyright, or patent infringement or other violations of any Proprietary Rights of any person.

WVMVCD shall, at its expense and at Agency's option, refund any amount paid by Agency under the Contract, or exert its best efforts to procure for Agency the right to use the Work and Documentation, to replace or modify the Work and Documentation as approved by Agency so as to obviate any such claim of infringement, or to put up a satisfactory bond to permit Agency's continued use of the Work and Documentation.
