The Inland Empire Utilities Agency Receives Certificate of Achievement in Financial Reporting

Inland Empire, CA – For the 19th consecutive year, the Inland Empire Utilities Agency (IEUA) has received the highest form of national recognition in governmental accounting and financial reporting by the Government Finance Officers Association of the United States and Canada (GFOA) for its Fiscal Year 2015/2016 Comprehensive Annual Financial Report (CAFR).

The GFOA award represents a significant achievement reflecting the commitment of IEUA's administration and staff to meeting the highest principles of governmental budgeting, financial accountability and transparency.

"Receiving the GFOA award consecutively for 19 years reflects the strong work ethic and high standards of IEUA's finance and accounting teams," said IEUA Board President Steve Elie. "Our reporting and independent audits confirm IEUA's commitment to the highest standards in accuracy, clarity and transparency."

The CAFR is judged by an impartial panel to determine if it meets the high standards of financial reporting, including demonstrating a constructive "spirit of disclosure".

For more information about IEUA or to view the CAFR, please visit www.ieua.org.

###

The Inland Empire Utilities Agency covers 242-square miles, distributes imported water, provides industrial/municipal wastewater collection and treatment services, and other related utility services to more than 830,000 people through its member agencies which include Chino, Chino Hills, Cucamonga Valley Water District, Fontana, Fontana Water Company, Montclair, Monte Vista Water District, Ontario, and Upland.

The Government Finance Officers Association (GFOA), founded in 1906, represents public finance officials throughout the United States and Canada. The association's more than 18,000 members are federal, state/provincial, and local finance officials deeply involved in planning, financing, and implementing thousands of governmental operations in each of their jurisdictions. The GFOA's mission is to enhance and promote the professional management of governmental financial resources by identifying, developing, and advancing fiscal strategies, policies, and practices for the public benefit.
