PRESENTATIONS

INDUSTRY RECOGNITION FOR 100% COMPLIANCE WITH DISCHARGE REQUIREMENTS IN CALENDAR YEAR 2016
Executive Manager of Engineering/AGM Chris Berch stated that it has been several years since bringing this recognition forward. He stated that Source Control/Environmental Resources Supervisor Craig Proctor and his team work closely with these industries throughout the Agency's service area and their compliance is fundamental to the compliance of the Agency's wastewater treatment plants and outstanding recycled water quality. The industries being recognized today represent the best of our region and the work staff have been doing. Mr. Proctor stated that this presentation serves to recognize 26 industries for outstanding compliance for 2016. He gave a

ACTION ITEM

BUDGET AMENDMENT FOR FISCAL YEAR 2016/17 CARRY FORWARD OF OPEN ENCUMBRANCES AND NON-ENCUMBERED COMMITMENT RELATED BUDGET

Manager of Finance & Accounting Javier Chagoyen-Lazaro stated that he is bringing forward a request to amend the FY 2017/18 budget in two components. The first component is in reference to the expenses side, the carry forward amount being approximately $14 million of monies budgeted but not used in FY 2016/17. The second being in reference to the revenue side, associated with the expenses that is requesting to be carried forward. There are revenue streams related to grants related with projects that are needed to be expensed. Under Agency policy, all departments evaluate all unused monies at the end of the fiscal year and determine the amount needed carried over to the next fiscal year usually for ongoing projects. A key reason for these carry over amounts has to do with timing and execution of the many projects within the Agency. He explained the major categories of types of expenditures being asked to be carried over.

Upon motion by Director Camacho, seconded by Director Parker, and unanimously carried:

M2017-9-4

MOVED, to:

1. Approve the carry forward of open encumbrances and non-encumbered commitment related budgets from FY 2016/17 to FY 2017/18 and amend the budget in the amount of $13,969,575; and

2. Approve amendments to the adopted FY 2017/18 budget for grant and reimbursement revenues in the amount of $1,294,043.

CITY OF RIALTO COMPENSATION AGREEMENTS

Executive Manager of Finance and Administration/AGM Christina Valencia stated that the execution of compensation agreements between the City of Rialto, IEUA, and affected taxing entities releasing the property and sharing the proceeds is needed any time there is a transfer of property from the successor agency to the affected taxing entities. She stated that there are three compensation agreements regarding three properties – a public park, a fire station, and future development called “Area A”. For the public park and fire station, there are no sale proceeds and these properties are being transferred to the City of Rialto for governmental use. The compensation agreement will cover 12 acres of the 59 acre site of the third property, “Area A”. The land has been sold to Lewis Hillwood Rialto Company for $1,252,000. Those proceeds will be distributed among all the taxing entities. She gave a brief history of the Redevelopment

Agencies (RDAs) in California. She stated that the share for IEUA, based on the sale price of this initial sale is approximately $7,000. She stated that staff has been working closely with special counsel, Rutan & Tucker, LLP, and the Agency's general counsel, to review these agreements.

Upon motion by Director Parker, seconded by Director Camacho, with Director Hofer abstaining from voting, the motion carried (4-0):

M2017-9-5

MOVED, to:

1. Approve the Compensation Agreements, substantially in its final form, between the City of Rialto (City), IEUA, and other affected taxing entities for the transfer of property commonly known as "Area A" for future development (non-governmental use), and "Fire Station #205" and "Public Park" to be retained for governmental use; and

2. Authorize the General Manager or his designee, to execute the final Compensation Agreements subject to non-substantive changes.

SAN SEVAINE BASIN IMPROVEMENTS CONSTRUCTION CONTRACT AWARD
Manager of Engineering Shaun Stone stated this is the first of the Recharge Master Plan Update (RMPU) projects originally started in 2010 and revised in 2013. Mr. Stone gave an overview of the project location and scope. He stated that with the project, 600 additional acre feet of storm water and 4,100 AF of recycled water will be able to be recharged, and it will create an operations flexibility that will allow for water to be moved out of Basin 5. He stated that 17 general contractors were prequalified on February of this year, seven bids were received on July 13, 2017. Gwinco Construction & Engineering, Inc. was the lowest, responsive, responsible bidder with a bid of $3,873,029. He ended with an overview of the project financials. Executive Manager of Engineering/AGM Chris Berch also stated that this item had gone to the Regional Sewerage Program Technical and Policy Committees and was unanimously approved. Mr. Stone added that little more than 60 percent of the project will be funded by grants. Mr. Berch stated that the remainder of the project will be funded by SRF loans. General Manager Joe Grindstaff stated that the SRF loans will be at a 1.8 percent interest rate.

Upon motion by Director Camacho, seconded by Director Parker, and unanimously carried:

M2017-9-6

MOVED, to:

1. Award a construction contract for the San Sevaine Basin Improvements, Project No. EN13001, to Gwinco Construction & Engineering, in the amount of $3,873,029; and

2. Authorize the General Manager to execute the construction contract.
INFORMATION ITEMS

ENGINEERING AND CONSTRUCTION MANAGEMENT PROJECT UPDATES
Manager of Engineering Shaun Stone gave a PowerPoint presentation on the Engineering and Construction Management project updates. He provided updates on the following projects: EN18006 – RP-1 Flare Improvements; EN14042 – RP-1 1158 RWPS Upgrades; EN15008 – Water Quality Laboratory; EN17041 – Orchard Recycled Water Turnout; and EN24001 – RP-1 Liquid Treatment Capacity Recovery.

OPERATIONS DIVISION UPDATE
Executive Manager of Operations/AGM Randy Lee gave an update on the Operations Division. He gave an overview of the ground water recharge records for the last fiscal year, sales at the Inland Empire Regional Composting Facility, recent hires and staffing statistics, maintenance skills training, operations by the numbers, and some challenges the Operations Division has faced in the recent months.

MWD UPDATE
Senior Engineer Jason Pivovaroff gave an update on the water condition and sales at Metropolitan Water District of Southern California. He stated that the State Water Project allocations remains at 85 percent. The California Department of Water Resources will announce the new and initial allocations by the end of the calendar year. Last year, the allocation was initially set at 20 percent and ended at 85 percent. The snowpack has all melted and it has been a record breaking year for precipitation at about 185 inches of total rainfall. Statewide storage is at about 75 percent of capacity. To date, 20,740 AF has been delivered through the Dry-Year Yield Program. There is about three remaining months and the average delivery has been 6,000 to 7,000 AF. He stated that the main topic of discussion the past couple months has been the California WaterFix. MWD has released three technical papers highlighting proposed infrastructure, operations, and finance and cost allocations.

General Manager Joe Grindstaff stated that Governor Jerry Brown has asked all parties of the WaterFix to take a position by an unofficial deadline of October 15th. Discussion ensued about the California WaterFix.
