The Inland Empire Utilities Agency (IEUA) is a regional wastewater treatment agency and wholesale distributor of imported water and recycled water. The water connection fee is a one-time fee paid to IEUA for any new or upsized water meter connection to a water distribution system within the IEUA service areas. For inquiries regarding the fee, please call (909) 313-9604 or watermeterfee@ieua.org.

### WATER METER CONNECTION FEE RATES – EFFECTIVE JULY 1, 2019

*Adopted future rates are available on the IEUA website at [www.ieua.org](http://www.ieua.org)*
• IEUA wastewater connection fees currently in place do not pay for investments in the regional water system.
• With growth increasing, population is expected to reach **1.2 million within the next 20 years.**
• **$91 million in expanded and new water infrastructure is needed to support recycled water, regional resiliency and water conservation projects.**
• IEUA has a responsibility to ensure that the regional water system is financially sound.
• *Without the new fee, $91 million of regional water reliability projects needed to meet growth will be unfunded.*
• Proposition 26 mandates costs should be reasonable and appropriately allocated to payers based on the benefit received.
• *A comprehensive rate study in 2014 established the proposed fee.*
